

Adding a Sport or Activity to Account

Adding a Sport or Activity

These directions are for students that already have an account with RSchool.

- The student will log into the same registration link (athletic or activity) that they used when they made their RSchool Account. They will Login with the “Returning Users” link.
- Once signed in they will click on the link “View My Account”.
- There is an option to “Register” with a drop down menu.
- In the drop down menu, select the student that is adding an activity/sport.
- Choose the registration form that is needed for the added activity (Activities or Athletic).

- As the student goes through the registration form, most information will already be present.
- They will only select the activity they want to add which is found in the second tab.
- If they are adding a sport for the first time, there are additional forms they and the parent will need to sign than was seen using the Activities Registration Form.
- The registration is complete once they hit “Submit” at the end of the registration form.
