

# MUNSTER HIGH SCHOOL

## ADVANCED PLACEMENT & CONCURRENT ENROLLMENT CREDIT

### CREDIT CONVERSION CHARTS

Munster High School partners with Purdue University North Central, Ivy Tech Community College, and Vincennes University to offer students the opportunity to complete college credit while enrolled in high school classes.

Within, you will find charts that convert Munster High School credit into Indiana college credit.

These courses present a significant savings for Munster families. Some courses are free, priority courses are \$75, and other prices are listed.

***Please be aware that these credits cost \$400 to \$800 on a college campus.***

Pending on the awarding institution Freshmen, Sophomores, Juniors, and Seniors can be eligible for Concurrent Enrollment Credit. They must have a 3.0 (2.75) GPA, expect to earn a C or higher in the class, and complete registration within the registration window.

Questions should be directed to the Munster Guidance Department.

\* Information within this document is subject to change at the discretion of the issuing institution. Please contact colleges and universities not listed. Roughly 70%-80% of students attend post-secondary schools in Indiana.
